

Central DuPage Hospital
Emergency Medical Services System
System Policy and Procedures

Title: EMS Personnel Exposures	
Section: System Participation	Number: I-1
Approved By: Dr. Steve Graham, EMS Medical Director	
Effective Date: 01 July 2018	Number of Pages: 1

PURPOSE:

Define the process for Central DuPage Hospital Emergency Medical Services (CDHEMSS) to report potential exposures while performing patient care.

POLICY:

EMS personnel who have had a significant exposure should immediately:

1. Notify their shift commander / officer or manager
2. Report the exposure to the RN after care is transferred
 - a. Reporting the exposure as soon as care is transferred is essential to ensuring any necessary lab work is drawn from the patient. Failure to notify the staff while the patient is still at the hospital may result host sample being not collected.
3. Complete the "EMS Personnel Exposure" form. Once completed a copy shall be sent to the EMS personnel's shift commander / officer / manager and the CDHEMS System Coordinator
4. Ensure that the EMS Exposure box on ImageTrend is selected appropriately.
5. Follow Department/ Company specific Exposure policy and procedures.

When EMS is unaware that they may have been exposed (i.e. TB, meningitis, etc.) they shall be contacted as soon as there is probable cause. If EMS has already left the hospital the Fire Department, EMS agency shall be contacted by the ED CSC.

When there is concern for bio-contamination, radiological contamination, or other potentially hazardous conditions, the crew and the transporting vehicle shall be taken out of service. If the EMS crew has already left the hospital the Fire Department or EMS agency shall be immediately contacted by the CSC and returned to the ED. The vehicle shall be parked outside the ambulance bay and locked. The EMS System Coordinator shall be immediately contacted as well as the hospital infection control officer. Only once the crew has been medically screened and the hospital infection control officer notified shall the crew and vehicle be returned to service.
